

Milan DEDIC BSc (Hons), MSc, DIC, CEng, MICE, FConsE
Chartered Civil Engineer

Mr Dedic is a Director and founding member of Concept. He is a Chartered Civil Engineer specialising in all aspects of civil and geotechnical engineering.

Since graduating in 1984, he has worked both in mainstream contracting and consultancy. His career has so far involved him in work on drainage projects, dams in Africa, highways in the UK and abroad, bridges, foundations, earth retaining structures, tunnels and shafts and works on the railway. In addition he has spent a number of years working in the Insurance sector assessing structurally damaged buildings.

Mr Dedic's main expertise is in the fields of geotechnical and geo-environmental engineering. He is a Geotechnical Adviser with over 20 years geotechnical experience and is fully conversant with all forms of ground investigation and laboratory testing procedures.
